**Storyboard** (outline of scenes and movements):

1	2	3
4	5	6
7	8	9

\*\*\*If you need more storyboard boxes, use the back of this paper\*\*\*

**Studio Executive** Signature for "Green Light": \_\_\_\_\_

## **USING iMOTION HD APP TO FILM**

1. Open your iPad
2. Click on “iMotion HD” application
3. Push “New Movie” to start new project
4. Select the “manual” option for taking photos  
-this will give you control over when the photos are taken for your movie
5. Push “start” to begin recording
6. For every photo (or FRAME) of your movie, push the camera button
7. Keep track of the number of frames at the top of the screen where they are recorded

\*\*\* Remember: LITTLE movements, so the movie looks more fluid (continuous)\*\*\*

Feel free to add more frames if you reach your requirement! HAVE FUN!
